

BP200 - Battery pack

Type designation: **BP200**

NSN: **6130160057172**

PN (RN): **7040.100.01**

KČN: **0294006101100**

Power supply for #PR20# personal role radio. Bayonet lock ensures quick replacement operability. The battery pack contains parallel combination of two LiIon cells and protection/communication circuits. The segment display informs the user of the battery status. The battery pack is charged with SC200 stationary charger and MC200 mobile charger.

Technické parametry

| | |
|--|-----------------------|
| Jmenovité napětí | 3,7 V |
| Kapacita | 4,2 Ah |
| Maximální zatěžovací proud | 1 A |
| Doba nabíjení (nabíječe SC200, MC200) | max. 360 minut |
| Komunikace | HDQ |
| Krytí | vodotěsné provedení |
| Rozsah pracovních teplot | -30 °C až +50 °C |
| Rozměry [š x v x h] | 78 mm x 63 mm x 27 mm |
| Hmotnost | 0,22 kg |

Set

| Type designation | PN (RN) | Name |
|-------------------------|----------------|-------------------------|
| MC200 | 7033.000.01 | Mobile charger set |
| SC200 | 7032.000.01 | Stationary charger set |
| PC200 | 7035.000.01 | Small mains charger set |
