

RF2050 - EPM mobile transceiver set

Type designation: **RF2050**

PN (RN): **2310.000.11**

Set consists of RF2050 EPM mobile transceiver (with co-site filter) and accessories. RF2050 mobile multiband transceiver, belonging to the RF20 family of multiband tactical radios with increased resistance to radio-electronic warfare, is designed for installation into any kind of tracked or wheeled vehicles. Small footprint, robust design and outstanding features add to its great utility, especially in modernization of the existing vehicular installations. RF2050 transceiver is produced in two variants: without co-site filter var. 2310.100.10 and with co-site filter var. 2310.100.11. The built-in modem ensures data communication in tactical IP networks according to MIL-STD-188-220. For more details on RF2050 mobile transceiver and other set components see relevant pages of this website.
